School of Nursing and Allied Health

CERTIFIED NURSING ASSISTANT

INFORMATION PACKAGE

Spring 2010

Dear Nurse Aide Applicant,

Thank you for your interest in the Nurse Aide Program. This program is accredited by the Board of Nursing and will be held in a different location. It will no longer be held at the J. Sargeant Reynolds Community College downtown campus, but rather at Goodwill Industries, 6301 Midlothian Turnpike, Richmond, VA 23225. This facility will provide you with contemporary classrooms and a skill lab created just for the needs of a nurse aide student. Come join us here at this newly renovated training center for the JSR nurse aide program.

There are many opportunities for certified nurse aides today. The areas of employment include long-term care facilities, hospitals, and home health agencies. The field of nursing is a very challenging one. Entering at the nurse aide level will enable you to explore the realities of nursing and help you to decide if this is the career choice for you.

On the attached pages, you will find four **DAY** schedules for the first 8 week session and four **DAY** sections for the second fall session offered. Our course runs for eight (8) weeks and after completing this class you will be eligible to take the national exam to become a Certified Nurse Aide. There is a \$94.00 application fee to register for this national exam, which you will need to pay approximately six (6) weeks into the course. You will also find the following adopted criteria for all students entering J. Sargeant Reynolds Community College nursing programs entitled: Technical Standards for Nurse Aide Students.

This class will help you gain both the knowledge and practical skills that you will need to do well on this exam and to become a good employee in a long-term care facility, hospital, or home-health agency. Please choose the one schedule that you prefer and register for that section listed at the top. You need to plan to attend each of the listed classes and clinical days for the section you choose.

The tuition cost for this course is **\$506.50**. The new registration period for Spring Semester 2010 can be found on the following pages. **I strongly encourage each of you to register as soon as you can.** The sections fill quickly.

Please purchase the Textbook and Workbook in the J. Sargeant Reynolds Downtown Campus Bookstore and begin reading the first three chapters for the first class meeting, pages three (3) to fifty (58). Complete the workbook activities associated with those chapters.

PLEASE NOTE:

Criminal background checks will be required. If one is required, the clinical site will obtain the criminal background check for a fee of \$20.00 that is due upon the first day of class. The clinical site will not accept any other background check other than the one they perform.

Anyone not present for the first two (2) sessions of class must drop and take the class at a later date. You will need to provide your own white uniform and shoes and a watch with a second hand. You will not be able to wear artificial nails, nail tips, or acrylic nails during your clinical rotation. Further details will be given on the first day of class. Clinicals do not begin for two (2) weeks into the course, so there is no need to purchase these items prior to class. **You must have a current (within one (1) year) TB test report. Proof of this test will be asked of you on the first day of class.** You can go to the health department in the county/city where you live and they will perform the test for a fee. You will not be able to attend clinical without a PPD placed and read by your caregiver with the results given to your JSR instructor. **Please have your PPD results ready to give to your instructor on the first day of class.**
